REPORTS OF ELDERS

First Business Today Before Methodist Episcopal Conference,

THE EVIDENCE OF GENERAL PROGRESS

Twentieth Century Movement for 2,000,000 Conversions.

OF YESTERDAY EVENTS

Preceded by devotional exercises, conducted by Rev. W. H. Chapman, and presided over by Bishop John M. Walden, the second day of the 116th session of the Bal-timore conference of the M. E. Church began at the Metropolitan Church, 4½ and C streets northwest, at 9:30 this morning. The first business in order after the read-ing and approval of the minutes was the hearing of the reports of the presiding elders of the five districts which comprise

the conference, showing the work accom-plished during the past thirteen months. Presiding Elder Ferguson of the Baltimore district reported a satisfactory condition. Church property had been improved grati-fyingly, and a new church had been built at Solomon's Island. Grace Church, Balti-more, was nearing completion. The zeal of

more, was nearing completion. The zeal of the pastors of both was highly praised. Other improvements were noted in the way of the erection or purchase of parsonages at various points. The whole amount paid on church property during the year had been \$46.071.

Mr. Ferguson gave a satisfactory account of the progress of mission work and the organization of the Epworth League was shown to be efficient. Sunday school work was equally satisfactory, the pupils showing great interest, 54 per cent of them attending regular church services. That part of the twentieth century movement which seeks the conversion of 2,000.000 persons was being furthered with earnestness and enthuslasm, and he expected the financial side of it would in the future be loyally supported. The aggregate of collections in the district was larger than in the previous year. There were 700 conversions made. He regretted that there has been rather a lessening of revival work.

East Baltimore District.

The next report was that of Presiding Elder Edwards of the East Baltimore district. He said that the past year had been a most successful one. Every charge had been blessed with revivals and all had re-ported conversions. There had been 1,132 and Miss Martha Van Marten. ported conversions. There had been 1,132 received into the church, 1,019 received as probationers, of which 235 had entered into full fellowship. Mr. Edwards dwelt on the propriety of churches caring more for conversion the hand of helpfulness, rather than waiting for them to reach for it. Sunday school work was well looked after; teachers were efficient; 80 per cent of the children old enough to do so attended regular church services.

entury movement, he said, were recog-lized and fostered. The sum of \$15,002 had been expended in improving church property and one new church dedicated during the year. Debts had been reduced many thousands of dollars during the year.

The Frederick District. Presiding Elder McKenney of the Frederick district reported a satisfactory condition of affairs. In considering church property he detailed debts wiped out in several charges, and the improvement of churches and parsonages, church benevo-lences had all been well cared for. Plans had been made in many churches to further the twentieth century movement. Sunday school interests were well taken care of, and good work was being accomplished in Christianizing children. Revivals had been general and successful. Over 1,400 conversions had been made in the district during the year.

Presiding Elder Baldwin's Report. The report of the Washington district was next in order, but at Bishop Walden's suggestion it was held over until later on account of so many delegates interested in it being engaged elsewhere in committee work. Accordingly Presiding Elder Baldwin of the west Baltimore district submitted his report. Over \$8,000 had been subscribed toward missionary work, he said; a slight decrease over the previous years, but he expected the deficiency would be shortly overcome by individual subscriptions. There were however, advences in the funds for

overcome by individual subscriptions, here were, however, advances in the funds for other church benevolences, the total increase in the district over the previous year of over \$14,000.

Applause greated this announcement.

Mr. Baldwin made a strong plea for the Mr. Baldwin made a strong plea for the Woman's College feature of the twentieth century movement, and urged every member of the conference work to secure at least \$10 in behalf of the object. Gratifying statements were made regarding the Sunday school and Epworth League membership and the spirit influencing the Sunday school and Epworth League membership, and the spirit influencing the young people and children, as well as the work of the Woman's Missionary Society. Revival reports showed about 800 conversions, but the presiding elder was grieved to say that about 20 per cent of these failed to become probationers. In this connection he called attention to the serious decrease in the number of probationers nottceable everywhere in Methodism.

In the course of his report Mr. Baldwin made a powerful plea for the uniting of the various branches of Methodism, and urged that each should endeavor to give up some point and try to come together on a basis of common purpose and a common seeking for the same goal.

Washington District Affairs.

Washington District Affairs.

The report on the Washington district was then submitted by Rev. L. B. Wilson, presiding elder. It was lengthy, and he occupied some time in reading it. It showed most gratifying conditions of church affairs at the national capital, in both a spiritual and financial sense. Subscriptions toward church benevolences of every character had increased over the previous year. New churches had been built at Oxon Hill, St. churches had been built at Oxon Hill, St. George's island, Damascus and Tenleytown, and the Rev. Wm. Livingston Bruen, not a member of the Methodist Church, had given two churches, one, Faith Chapel, in the country beyond Anacostia, and the other, the Wilson Memorial Church, on 11th street between G and I streets southeast. The year had been a progressive one in every way. The various institutions, such as the Deaconesses' Home, the Methodist Home, which had received a bequest of \$22,000 from the late Mr. Anthony; the Sthley Hospital, which had proved to be not only self-supporting, but had added to its fund, were all in splendid condition. The American University had received substantial impetus.

Mr. Wilson spoke highly of the Woman's Mr. Wilson spoke highly of the Woman's Home Missionary Society's work, as well as of that of the Epworth League, and praised all the ministers in the District for their unremitting zeal and earnestness. There had been 700 conversions during the year and there was a larger number of probationers than ever before. He made a prayerful appeal for united effort which should restore to Methodism its old prestige and power.

Woman's Missions

The session this afternoon beginning at 3 o'clock will be devoted to the Woman's Home Missionary Society. Mrs. W. G. McDowell will preside, and the year's work will be reviewed by Mrs. C. L. Roach. There will be addresses by Bishop Walden Events Yesterday.

As the board of stewards met in the afternoon yesterday there was no session of the conference. The annual meeting of the Mutual Relief Association was held, however. The treasurer's report showed recelpts during the year of \$871.55; disburse-

ments, \$511.55; balance on hand, \$360. A committee, composed of Charles Smith, T. E. Peters and R. F. Devries, was appointed to secure additional members among the 200 ministers in the conference who are eligible, but do not now belong to the association.

eligible, but do not now belong to the association.

The old officers were re-elected as follows: President, J. L. Wideman; vice president, Jeel Brown; secretary, C. T. Weede; treasurer, G. W. Hobbs; executive committee, F. A. Wilson, E. C. Guthrie, J. M. Scarrow, W. S. Edwards, W. R. Stricklen, C. T. Weede and G. W. Hobbs.

The evening session was devoted to the consideration of church extension. Rev. W. W. Barnes presided, and devotional exercises were conducted by Rev. F. G. Porter, Rev. Dr. Manley S. Hard of Kingston, Pa., assistant corresponding secretary of the board of church extension of the M. E. Church, delivered an interesting address, making an earnest plea for assistance in the work of providing for the erection of churches in neighborhoods where they are now so badly needed.

Dr. Goucher and his associates were introduced, the audience standing to greet them. Dr. Goucher then spoke of the committee's mission. He declared the greeting they brought was not a perfunctory one, but came from the heart, and was to convey high regard and wishes for the greatest success. Dr. Goucher spoke of the greatest spoed that might be accomplished through a concentration of Protestant effort. He prayed that God might speed the day when all Christians might be united in all things. Rev. Mr. Naylor of the committee next spoke. After a number of interesting and entertaining anecdotes had been related by him, he said that too much time has been wasted over nonsensical bickerings and petty dissensions. All Methodists, he declared, were the same in belief and doctrine, all preached the same grand old gospel of Jesus Christ. He prayed that the future of the Methodist Church South might be grander and more glorious than anything yet anticipated.

Rev. Dr. Richardson of Fayette Street Church, Baltimore, the third member of the committee, also spoke briefly, adding his expression of loving greeting and good wishes to the expressions of those who had preceded him. Dr. Richardson was in excellent humor and told of a number of amusing incidents which were highly enjoyed. When he had concluded the members of the conference joined in an impromptu rendition of the old hymn, "Blest Be the Tie that Binds."

Verdict for Plaintiff. A verdict in favor of the plaintiff for \$800

was reported by a jury in Circuit Court No. against the Washington, Alexandria and Mount Vernon Railroad Company. The plaintiff sued to recover damages for the loss of the sight of an eye, due to contact with an electric wire.

HEART DISEASE. SOME FACTS REGARDING THE RAPID IN-

CREASE OF HEART TROUBLE.

Heart trouble, at least among the Americans, is certainly increasing, and while this may be largely due to the excitement and worry of American bus-iness life, it is more often the result of weak

iness life, it is more often the result of weak stomachs, of poor digestion.

Real organic disease is incurable; but not one case in a hundred of heart trouble is organic.

The close relation between heart trouble and poor digestion is because both organs are controlled by the same great nerves, the Sympathetic and the

Pneumogastric.

In another way also the heart is affected by the form of poor digestion, which causes gas and fermentation from half-digested food. There is a feeling of oppression and heaviness in the cheat, caused by pressure of the distended atomach on the heart and lungs, interfering with their action; hence arises palpitation and short breath.

Poor digestion also poisons the blood, making it thin and watery, which irritates and weakens the heart. The most sensible treatment for heart trouble is

assimilation of food.

This can be done by the regular use after meals This can be done by the regular assauce means of some safe, pleasant and effective digestive preparation, like Stuart's Dyspepsia Tablets, which may be found at drug stores, and which contain valuable, harmless digestive elements in a pleasant, convenient form.

It is safe to say that the regular, persistent use

of Stuart's Dyspepsia Tablets at meal time will cure any form of stomach trouble except cancer of the stomach. ap245
